

Indus Valley Crafts

Salt tiles grading system

A Grade:

One side of the tile will be perfect (4 edges and 4 corner will be 100%)

Other side may have minor missing/breakage in remaining 4 corners or edges. This minor missing/breakages will be very less percentage. Most of the tiles will be perfect.

Pictures on page 2,3,8,9

A Plus Grade:

Both sides will be perfect (8 edges and 8 corners will be 100%)

(An expensive option.)

Pictures on page 4,5,10,11

A Plus Grade (Polished):

Both sides will be perfect (8 edges and 8 corners will be 100%) and all sides will be polished to make surface smooth.

(A very expensive option.)

One Side Natural Tiles

There are 2 options for of "ONE SIDE NATURAL TILES/BRICKS".

- 1- One side edges & corners natural.
- 2- One side complete natural (All edges, corners and upper surface).

Codes for type of natural tiles:

Option 1: One side edges & corners natural.

Code: n1 *(Details on page 14)*

Option 1: One side complete natural.

Code: n2 *(Details on page 15)*

Creaks and fissures are natural in salt tiles:

Rock patterns, cracks and fissures will occur naturally in the stone and these are not to be considered flaws in the Himalayan salt products, its nature's beautiful individuality.
